Dear Lucas,

Thanks so much for agreeing to review this section. The early August time-frame should fit well with our schedule. As I said, if anything changes between now and then I'll let you know.

We're looking for "big picture" perspective, i.e., is the text Clear? Accurate? Necessary? Do you agree with the characterization of the level of evidence? (If no, please say so; we want to hear your thoughts on this subject!).

Glinda
